

Annual Report to the Second General Assembly

Faith-Immanuel Lutheran Church, E. Lansdowne, PA, 19050 – December 12, 2016

Introduction

We meet here today in Assembly under the theme *Missional Foresight: Embracing the Future, Building with Focus*. This theme is a call and a reminder to us like that of Jeremiah's to his people during their time of exile. "For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future." (Jeremiah 29:11, NIV). The message embedded in this theme and passage for me is that God always has a future for those who consistently look to God no matter their location, life circumstances or history. And because God does not give-up on us, we cannot give-up on God or one another, no matter our differences. Thus, we come together on this twelve day of this twelve month with a missional foresight to discern together ways of embracing our shared-future and build it together with focus under the leadership of Holy Spirit.

Before diving further into this future-looking subject, let me invite all of us to observe a moment of silence in remembrance of all who ended their earthly journeys with us in 2015. I ask you to particularly continue to pray for the families of Apostle Connery Dagadu, Rev. Dr. Napoleon Divine and many Ebola victims who made their transitions from labor to rest. Let us also in this same vine give thanks for the many blessings and miracles seen among us during this same time period. Our individual and collective experiences of the mysterious amidst the miraculous in 2015 and years past provide adequate reasons for our need for Mission Foresight that embraces the future God envisions and can only be built with focus.

2015 Highlights: Challenges and Successes

Scripture, Reason, Tradition and Experience are said to be the 4-legs that any sound theology must stand. This report is not a theological disposition but, I however urge you to utilize the trajectory of experience, tradition, reason and Scripture to engage each other interest as we deliberate today and the months ahead. If re-elected today, my commitment will be to continue working on the goals of strengthening the association's existing structures, building lasting legacies and developing of community partnerships. These three focus of our administration helped to anchor us in the last two years as we worked sacrificially at serving our respective congregations and the larger community.

Allow me to intentionally use sacrificial as the key word to describe our leadership of this noble association during the last two years. We entered the year 2015 when the impact of the Ebola Virus on

Liberia and West Africa was about midway to its peak. Our appointment by President Dahn Dennis of the Liberian Association of Pennsylvania to lead our community Ebola response efforts followed by the Mayor's Commission on African and Caribbean Immigrants Affairs to chair the Coalition of West African Countries affected by Ebola intensified the responsibility entrusted to our care. We successfully held weekly planning meetings, raised fund by printing and selling T-Shirts and wristbands.

Donations were also were also received through the distribution of envelopes and via the lmadv.org, our very attractive website also developed by this administration. The highlight of the coalition's 2015 Ebola work was the planning and implementation of the Ebola Healing and Benefits Concert in partnership with the Enon Tabernacle Baptist Church on June 14, 2015, 4-7pm. Gospel Artists with national and international recognition from Guinea, Liberia, and Sierra Leone, including the LMADV Mass Choir, Ambassador Marron Cassell, Ministers: Evelyn Marsh, Steve Kelly and guest star Tamika Patton participated. Join me expressing our heartfelt gratitude to all our artist who made that day successful.

In addition to the general work of the coalition highlighted by this concert, the Liberian constituent of the coalition shipped a 40FT container of donated Ebola Relief items to Liberia with the total price tag of \$10, 697.51. Our Association is still indebted for the amount of \$3150.00 for the total cost incurred on this project. T-shirts and wristbands are still available for sale to help generate the money and payback borrowed to pay for the release of these Ebola Relief items from the Freeport of Monrovia, Republic of Liberia.

Our work on the Ebola relief effort also coincided with un-expected deaths of the Apostle Connery Dagadu and the Rev. Dr. Napoleon Divine. The Association rallied by way of voluntary contributions and presented the sum of \$1, 000.00 to each of the bereaved family as the association's expression of sympathy and support. Special Thanks to the Rev. Dr. Anthony Kawala Sengbe and the people of Victory Harvest Fellowship International for allowing the bereaved families to use their premises for the funeral and reception for Apostle Dagadu and the repass for Rev. Dr. Divine. We also identified with other members of the LMADV during their time of bereavements.

The Association further identified with members who celebrated anniversaries, special occasions and those who faced other life challenges. Visits were paid to Bishop Amos Tarpeh and Rev. David Wonzon during their respective hospitalization and rehabilitation by individual pastors and groups at different times. We were officially represented at New Hope Baptist Church ordination service of Deacons and Deaconesses; the anniversaries services of Agape Baptist Church International, the Breathe of God Ministry, Agape Senior Citizens Ministry; appreciations services for Apostle Winston Duba and Rev. Dr.

Napoleon Birsch; fundraising program hosted by Ophelia Dawolo; the Union of Liberian Associations in the US (ULLA) general assembly, the inaugural ball of the Liberian Association of Pennsylvania; the graduation thanksgiving service for the Rev. Dr. Anthony Sengbe. Thanks to all of you who also attended my graduation celebration on August 19, 2015.

In addition to the holding of the Association's monthly meetings, the association's youth arm hosted a Valentine's Day fellowship on February 14. The annual Independence's Day Thanksgiving Service for Liberia 168th Independence Day was held on July 26 at the Victory Harvest Fellowship International. The Family Enrichment, Pastors and Community Leadership Appreciation Dinner held on October 31 was the Association's most successful program for 2015. I was also privileged be one of the keynote speakers at the summer and spring session of the Leadership Conferences of the Leadership Empowerment Forum under at the leadership of the Rev. Nathaniel Miller and Rev. Elmos Heagar Sr.

Just as the opportunities and challenges of 2014 continued into 2015 so will those of 2015 overflow into 2016. I intent to continue to expand on the successes achieved over the last two years by this administration. The challenges we faced helped us learned valuable lessons that will help us navigate future ones. The LMADV calling to be gate keepers to our neighborhoods and the responsibilities of our congregations/ministries/churches to be the back-bonds to our communities cannot be over-emphasized. We must therefore work together to fulfill these duties under the umbrella of the LMADV matter our differences. To this end, let me thank my fellow executives and members of the Board of Director for their partnership collaboration, support cordial working relationship during the last two years.

Recommendations:

The experiences gained over the last two in leading the LMADV amount to a wake-up call. Our participation in responding to the crisis created by the deadly Ebola Virus, the July 5, 2014 Gesner Street tragic fire, the passing of Apostle Dagadu and Dr. Divine are in themselves more than sufficient reasons why we must continue to collaborate and cultivate functional partnership for the good of our people and community. I am recommending two new activities that will help strengthen our association internally and increase our visibility and relevance within externally constituent. These activities are intended to expand the valuable space needed for our congregations, ministries and churches to increase their participation in the work of the LMADV. The youth wing's example is one evident that with determined commitment, this is doable.

First, I suggest an annual day and night of prayer for Liberia and Liberian to precede our annual July 26 Thanksgiving Service. This Day and Night of Prayer will be a medium for Liberian Christians in the Delaware Valley to collectively pray for Liberia.

Second, I propose the holding of a quarterly Discussion Forum on Issues of Concerns for Liberians at home and those of us in the Diaspora. This talk forum can be organized in partnership with the Liberian Association of Pennsylvania (LAP) and will allow Liberians across the Delaware Valley and the country to add their voices to the conversations that can help to shape the future of the motherland, Mama Liberia.

This mid-term report is intended to reiterate my administration platform to strengthen the Liberian Ministers Association of the Delaware valley through the building of working structures, lasting legacies and vibrant community partnerships. Thanks for your presence, your listening ears, your response and input as we work together today and in the future to better serve our people, community and country. May vision and mission of the LMADV succeed and may God bless the United States our home away from home and Mama Liberia and the continent of Africa. Thank you.

Report to the Liberian Ministers' Association of the Delaware Valley 2014 Assembly Faith-Immanuel Lutheran Church, E Lansdowne, PA, December 27, 2014.

Introduction

On this occasion of our first general assembly in recent years, the Apostle Paul confession that our God completes those things that are began speaks to the past, present and future of the Liberian Ministers Association of the Delaware (LMADV). I submit this report as the fourth President of the LMADV standing on the shoulders of those who came before us as members, officers, board and supporters of the LMADV. The work of the LMADV must continue in obedience to our Lord's command, in honor of those who came before us and in commitment to our founding document: "Unity for Spiritual Progress and Commitment" (Pre-amble, LMADV Constitution)

At the Beginning

I raised my right hand alongside Rev. Urias Dixon and Rev. Solomon M. Muin on November 14, 2013 as we were sworn in as President, Vice President and Secretary of LMADV, respectively. This took place in the presence of former President, Bishop Amos Tarpeh with whom I served as Vice President for 4 years and other officers and members at the Refugee Baptist Church. The Rev. John Jallah was elected Board Chairman, Bishop Gabriel Lardner-Co-Chair, Bishop Joshua Cummings-Board Secretary, Rev. John Gblah and Rev. Henry Koffa as members on that same day.

We got into action beginning that day and I am very excited to report all our accomplished over the last twelve months to this assembly today. Our first order of business was to hold a day-long mini-retreat designed to review the association's past, do reconciliation among ministers, hold bi-elections and plan for the future. This retreat was held on November 14, 2014, 9am-4pm at the Victory Harvest Fellowship International Ministries. Our platform presented at that meeting called for the re-focusing of the LMADV as a dignified professional organization. To that end, we laid out three strategic approaches in pursuing this goal:

1. structurally strengthen LMADV
2. Engage in Legacy Building and
3. Identify Dependable Community Partners. The retreated ended with the holding of bi-elections: Rev. Dr. Samuel Ndorley-Treasurer, Rev. Amos Suah-Financial Secretary and Evangelist Letricia Roberts-Chaplain. A total of 37 persons participated in that that day-long retreat.

The planning and implementation of executives and board Inauguration with the honoring of former leaders and members of the association and community became our next task. A committee of 5 persons, chaired by the Rev. Solomon Muin was constituted and on February 16, 2013, a grand inaugural ball was held at the North American Motor Inn on 444 City Lane Avenue, Philadelphia, Pennsylvania, 6-10pm. During the ball, Bishop Gabriel Lardner, Rev. John Gblah, Rev. Anthony Sengbe, Rev. Kau-Dolopei, Rev. John Jallah, Rev. Ruth Deah, Rev. Napoleon Birsch and Bishop Amos Tarpeh received plaques in honor of their leadership and services to the Christian Church and larger community.

Celebrations and Success

The inaugural ball was graced by performances by the newly re-organized Mass Choir to the delight of LMADV officers, Board members, guests and friends. Distinguished guests included: Ms. Karen Strokes, who presented a citation on behalf of PA Governor Tom Corbel, Mr. William Greaves-Liberia's Council General and his wife, Rev. Gordon Simmons-Dean Delaware County Conference-Southeastern Pennsylvania Synod/Evangelical Lutheran Church in America, Dr. Vera Tolbert- President/Coalition of African and Caribbean Organization, Rev. Marcus Kibgs-installing officer, among others.

Our successful holding of the December mini-retreat and February inaugural ball provided us with the opportunity to begin achieving our proposed platform to structurally strengthen the LMADV, build concrete legacies and identify active community partners. The Liberian Association of Pennsylvania (LAP) initiated the first outreach gesture. Faith-Immanuel Lutheran Church was honored with the presence of Mr. Dahn K. Dennis, other officers and members of the Board of Directors at our regular 11:30am service when I administered their oath of office and later served as installing officer at LAP's inaugural ball.

LAP's President, Mr. Dahn K. Dennis encouraged by our visibility and engagement in the community elevated the relationship between LAP and LMADV by inviting us to serve a key partner on the Coalition that planned and successfully implemented Liberia's 167th Independence anniversary here in Philadelphia, July 25-27, 2014. I received LAP's 2014 Outstanding Community Leadership Award for the LMADV work at the 167th Gala Ball at the Airport Marriott attended by His Excellency Ambassador Jeremiah Sulunteh, ULAA President, City Philadelphia and State Officials and other Signatories.

Crises and Opportunities

Our involvement in two significant crisis in our community on behalf of the LMADV contributed to our receiving of the LAP Community Leadership award. The first being the wrongful arrest of two prominent Liberians (Mr. & Mrs. Korlewala) on April 3, 2014 on alleged robbery charges, which were eventually dismissed. The July 5, 2014 early morning Gesner Street fire was the second.

The fight for justice for the Korlewalas' was almost to the finished line when news of the tragic death of 4 Liberian children reached us on the early morning of July 5th. We rushed to Bartram High School that morning, met with Red Cross Representatives, family members of the deceased children, and later that day welcomed Mayor Michael Nutter, Ambassador Jeremiah Sulunteh-whom we accompanied to City Hall for a meeting with City Officials. We worked tirelessly with numerous community leaders, including our Board Chair, the Rev. John Jallah, Rev. Napoleon Divine, Mr. Dahn Dennis, Mr. Shiwo Kamara and working committees at providing the leadership our community needed during those very challenging months.

Official word about the spread of the deadly Ebola disease in Liberia reached us at the 167th Independence celebration Gala on July 26. Ambassador Jeremiah Sulunteh in his keynote address at that Gala Ball urged Liberians in the Diaspora to join in the fight against Ebola. We were again appointed by the Liberian Association Pennsylvania (LAP) President, Mr. Dahn Dennis to lead the community's Ebola Response effort. LAP's efforts in the fight against Ebola was expanded in October when the City of Philadelphia through the Mayor's Commission on Africans and Caribbean Immigrants Affairs invited us to expand our coalition to include Guinean and Sierra Leonean Communities in the Delaware Valley Ebola Response—www.operationcrushebola.org

Looking Ahead

The Year 2014 is ending and there are carry-ons that we will continue to work on into 2015. The Ebola response is obvious. The LMADV support, prayer of thanks for Bishop Amos Tarpeh for physical strength as we did for his medical recovery must continue. The LMADV developed many relationships as a result of the Korlewalas' situation, Liberia's 167th Independence Celebration Coalition, the Gesner Street fire, the Ebola outbreak and subsequent formation of a working coalition. Our leadership role in the Liberian/African Community and the City of Philadelphia are likely to increase. I pause here to applause our collective effort in doing all that we have done and all that we will accomplish together in 2015 and beyond.

We had a successful election and bi-election; a successful inaugural ball; courageously facilitated the formation of an active mass that participated in all LMADV major programs; helped in the hosting of an unprecedented joint 167th July 26 Independence celebration and provided leadership to our community during the arrest of the Korlewalas, the Gesner Street Fire tragedy and the Ebola crisis. Let me thank members of the LMAV, my fellow officers, board members, LAP officers; and all our partners, supporters and friends of the LMADV for your participation and support in 2014.
